

AHMEDABAD INSTITUTE OF MEDICAL SCIENCES

(Run by Garvi Gujarat Medical & Educational Foundation)

Affiliated to Gujarat University
Recognized by Govt. of Gujarat

Recognized by Gujarat State
Council For Physio Therapy

Recognized by Indian
Association of Physiotherapists

Charitable trust **"Garvi Gujarat Medical and Education Foundation"** was established in the year 2006, for providing paramedical health care services and education at Lapkaman, Ahmedabad and is playing a progressive role in service by opening & running successful AIMS College of physiotherapy. Bachelor of physiotherapy course was started in 2006 and Master of Physiotherapy course started in year 2011.

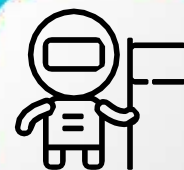

MISSION

The mission of the Institute is to prepare skilled, dedicated & outstanding physiotherapists and to advance the profession of physiotherapy, as broadly defined, through advance research and the application of clinical processes and government's ethical educational policy.

VISION

"The institute will be a world leader in the integration of (a) teaching & learning (b) advancement of the knowledge base through research and (c) leadership in health service. The Institute strives to achieve global identity through its innovation methods & dedicated efforts for the betterment of community. The Institute will be a world leader in preparing professionals who provide leadership & exemplary educational and related health services to improve health related quality of life of individuals in a changing & complex global society."

CO-CURRICULAR ACTIVITIS

Seminars, workshops and conferences hold great importance of life of a student. They are platforms not only to learn new aspects, others perspectives and latest information, but also a good way of networking. So, at AIMS, we arrange various seminars, workshops and guest lecturers for staff and students.

Dr. Neeta Vyas, PhD, Former Principal and Senior Advisor, AIMS

Welcome to Ahmedabad institute of medical sciences (AIMS).

Physiotherapy profession is now a days a separate recognised profession in india as well as abroad. Prior it was a referral for the patient's treatment but now patients can go directly to physiotherapy clinics for the treatment. Post covid phase has spread maximum awareness of physiotherapy importance. Physiotherapist is a major part of a medical team.

Now a days Physiotherapists are kin of going abroad. A student can complete bachelor of Physiotherapy and directly go for masters program or DPT program to abroad like USA, UK, Canada, Australia etc. The courses of india are well recognised in abroad and students can get direct admission for Masters or DPT directly on the basis of Bachelor course of India. There are many scopes for physiotherapist in studies as well as jobs. Take an opportunity to become a part of AIMS family and grab the golden opportunity to brighten your Future.

Dr. Kanna Amarnath , MPT, PhD Scholar, Vice Principal, AIMS

Since 2006, AIMS College runs physiotherapy courses, imparting good education under the guidance of reputed and experienced faculties that fulfills this promise and prepares you for the demands of the rapidly changing healthcare environment. We are par active in research activities mainly for our PG Students in various fields that gives an enormous support to our fellow people as a part of idea of prevalence in particular conditions, diagnostic aspects, ergonomics aspects in various sectors and comprehensive treatment program for various conditions.

In AIMS, our infrastructure, structure the young minds by inculcative of Educating rather just training in College O.P.D, M.O.U with Govt, Semi Govt, Corporate hospitals and trusts. Added to this, panoramic development of our students, we do organize seminars, Workshops, CME, Guest Lectures and various extra-curricular activities of sports day, food festivals, Navratri celebrations, kite flying, Convocations and Annual day Functions as an event manager.

We are looking forward to achieve your professional goals and Purpose of life that you have chooses for.

Dr. Alpa Purohit , MPT, PhD, Principal, AIMS

It has been my privilege to serve this wonderful organization since 2007.

Education is not just a process of giving knowledge for a future job but a lifelong process which creates an understanding of moral and ethical values to guide one's life in a right path. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face the future challenges.

Physical Therapy is one of the allied health profession. Hippocrates and Galen are believed to have been the first practitioners of physical therapy. Modern Physical therapy was established towards the end of the 19th century. In this era physical fitness is given a top priority. AIMS provide high quality physiotherapy education with a view to create a world class physiotherapist which stands committed to add to the existing goodwill of its name & bring glory to the country.

Confidence & hard work are the best medicines to kill the disease called failure. It will make you a successful person.

with all my love, best wishes & blessings.
